 Delhi

---

## SUMMARY

3+ year experienced in mobile app development proficient in translating functional requirements into independent coding strategies and tasks.

## EDUCATION

B.Tech in Computer Science and Engineering  
A.K.T.U, Lucknow (U.P)

## WORK EXPERIENCE

April 2023 – Aug 2024

Company Name : Ginger Webs PVT LTD

**Platform** : React Native Developer

**Programming Language** : Javascript , Html , Css

May 2022 – FEB 2023

Company Name : NMG Technologies

**Platform** : React Native Developer

**Programming Language** : Javascript , Html , Css

Sep 21- April 22

Company Name: Crebri Technologies

**Platform:** iOS

**Programming Language** : Swift

**Software:** Visual Studio Code , Xcode , SourceTree , Github

- Designed and developed mobile applications as part of 5 members software engineering team.
- Deploying REST APIs to integrate mobile application to server-side systems.
- Participated in the complete software development life cycle including requirement analysis, estimation, release etc.
- Performed coding, UI, Unit tests are required while administrating continuous integration.
- Translated high level requirements into software design and implementation.
- Developed closely with other team members in such tasks as troubleshooting and debugging.
- Participated in client discussion meetings.

## OPEN-SOURCE CONTRIBUTION

- Designed and developed an **Ed - Tech** mobile application.

### **App Name – Allen Next , Allen Digital**

- 1 .This app is made for manage the online class management system.
2. This app has two parts **Teachers , Students.**
2. This app is made for use in India.

- Designed and developed a **E-Commerce** mobile application using **Location Framework** and Rest API

### **App Name – Basket Yours**

- 1 .This app is made for manage the online order delivery management system.
2. This app has two parts **Agent , Customer.**
2. This app is made for use in India.

- Designed and developed an **online attendance** mobile application using Google **Firebase**

### **App Name – JR Timesheet**

- 1 .This app is made for manage the attendance of employees.
2. This app is made for use in Saudi Arabia , Syria , Iraq

- Designed and developed a **weather** mobile application using **Location Framework** and Rest API

### **App Name – Weather App**

- 1 .This app is made for get the information about weather.
2. This app is made for use in Dubai.

- Designed and developed a **E-Commerce** mobile application using **Location Framework** and Rest API

### **App Name – FYNOO**

- 1 .This app is made for manage the online order delivery management system.
2. This app has three parts **FYNOO Business, FYNOO Agent , FYNOO Customer.**
2. This app is made for use in Dubai.

- Designed and developed a **QR Code Scanning** mobile application using **AV Foundation Framework.**

### **App Name – KSAE-Invoice**

- 1 .This app is made for fetch the data from a QR Code.
2. This app is made for use in Dubai.

- Designed and developed a **Medical Application** mobile application

### **App Name – WOLOMI**

- 1 .This app is made for manage the patient and doctors appointment.

2. This app is made for use in USA.

- Designed and developed a **Medical Application** mobile application

#### **App Name – LIFE PLUS**

1 .This app is made for manage the patient and doctors appointment.

2. This app is made for use in USA.

- **Swift KEY SKILLS**

- |   |                                      |
|---|--------------------------------------|
| • Application Development & Integration | • Unit and Software Testing          |
| • Requirement Translation               | • Requirement and technical analysis |
| • UI Testing                            | • Design Implementation              |

- Cocoa pods
- Google Firebase
- Algorithm implementation
- Creativity
- Critical thinking
- Communication
- Proactive
- Cocoa Touch
- Networking
- Agile
- Code reviews
- Conceptual understanding
- Decision making
- Teamwork / Collaboration

#### **ADDITIONAL DETAILS**

- Languages: English and Hindi .

#### **CERTIFICATION & ACHIEVEMENT**

- Certified in Data science and machine learning from Ducat.
