## PROJECT

### **Document Management System (DMS)(June 2018 to DEC 2018)**

I have developed website using Core PHP. In this project Document Management System (DMS) designed to organized and manage documents. These documents are usually organized with software, which provides the user with the ability to access, modify, and centrally store the documents.

### **Hotel Radiant System (Jan 2019 to DEC 2019)**

I have developed website using Core PHP. In this project I have designed to organized and manage the hotel reservation system data also I have done the admin and user panel. Admin can update the data through admin panel and they will show to user site.

### **Krushiguru Mobile Application and Website (DEC 2019 to NOV 2020)**

We have developed android application and website using PHP and Java Language. The main objective of our project to help farmers to easily find out the crop's details.

### **Marketing in Asia (MAR 2021 to JAN 2022)**

Marketing In Asia is where those powerful content can be found, can be read and conversations can be initiated. We're a content platform where almost 100,000 readers come to find insightful and dynamic thinking, and 1,000 content creators upload their content every month. Here, we are giving Asian content creators a voice. Expert and undiscovered voices alike dive in-depth into any topic and bring the content to the surface. Our purpose is to amplify them across Asia.

### **Gokardz ( FEB 2022 to NOV 2022)**

Digital contactless cards with an integrated online services ecosystem for work & commerce. The perfect solution for you to market your brand efficiently, professionally, and accurately. Business or individual professional, it's a smart digital business Kard that gives you everything you need in one place — from presenting your services to showcasing your contact information and more.

### **Scikey (DEC 2022 to present)**

SCIKEY posts thousands of jobs across several countries with a referral amount. Use job search filters help you save time by narrowing your search to jobs that are right for you or your reference. Job alerts can help you stay updated on new job openings in companies you're interested in.
