---

## WORK EXPERIENCE

### **Eszmeletlen Holding Co, Navi Mumbai** - *Frontend Developer II*

Aug 2021 - Present

- Started and completed 5 page module of global indices to monitor Stocks, Indices, Commodities, Currency, Indian Adr.  
(<https://www.moneycontrol.com/markets/global-indices/>)
- Started and Completed 3 page module of commodity to show major exchanges and market statistics (<https://www.moneycontrol.com/commodity/>)
- Optimized React / Next.js project code for better performance. Optimized the project by reducing the total bundle size through analysis and replacement of heavy packages with lighter alternatives, removing unnecessary dependencies, and utilizing native JavaScript solutions (e.g., replaced Axios with Fetch API and Moment.js with Day.js)
- Configured the frontend repository from scratch, implemented login/logout authentication mechanisms, set up Zustand for state management, designed routing architecture, and successfully delivered the complete frontend project (technical-picks).
- API development and modification to match expected result in frontend, third party integrations.
- Mentored juniors for development and reviewed their code.

### **Voitekk Softsol Pvt Ltd, Navi Mumbai** - *Frontend Developer*

Feb 2020 - Aug 2021

- Checking and resolving any bug or issue reported by any client or seniors .
  - Building New Features Requested By Clients or Seniors
    - 1) Added feature to add/remove/update gateway ip and details into xml file From frontend, then added button to reload configuration of freeswitch
    - 2) Brought task of clearing logs of services to frontend from backend
  - Completed frontend of various pages :
    - 1) Voitekk Call Center Dashboard
    - 2) Cryptocurrency introduction and lead generation site
-
