## Advisory Manager

To obtain a challenging position with a dynamic firm that will allow me to utilize my existing skills and also provide a platform for my career growth. Having around 4 years of experience in financial planning, investment advisory and research, and overall support managing their finance. I would like to enhance my professional capabilities, knowledge and skill through experience. To prove myself as an asset in an organization where the opportunity is endless so I can learn new things from the ground up thereby contributing towards its success.
