PROFILE

I am a creative and adaptable designer with over 6 years of experience in fashion and graphic design. With a strong background in visual aesthetics and trend analysis, I thrive in creating compelling designs that speak to my target audience. My areas of experience include print development, fabric choosing, and using various design software tools to bring ideas to reality. I am pursuing a career in Graphic Design or UX design, keen to put my talents and enthusiasm for designing user-centric experiences to action.
