EXPERIENCE

Tata Technologies – Gurugram, India

Solution Developer – Hero DMS | Mar 2025 – Present

Designed and developed factory process UI/UX using React.
Collaborated with backend team to build REST APIs and database flows.
Integrated the solution with existing Hero platforms.
Delivered a mobile-first, user-friendly frontend.

Solution Developer – Kia Workspace Solutions | Sep 2024 – Present

Built **KIA Connected Car Platform** with EV charging, eco-driving insights, and real-time monitoring.
Developed **Subscription Renewal Module** for seamless upgrades.
Integrated **EV Home Charger** for remote start/stop and analytics.
Implemented **Drive Green & EcoScore** modules with gamification, CO₂ savings, and driving behavior tracking.

Solution Developer – Glovis Autobel | Dec 2023 – Sep 2024

<https://www.autobell.co.in/>

Developed features for used car service platform for logistics and auction processes.
Implemented lazy loading reducing page load time by 40%.
Ended up writing the integration features for Drop-I and conducted mentoring of teammates.
Built reusable Angular modules and integrated RxJS for async APIs.
Implemented JWT authentication and role-based access control.
Mentored new team members and collaborated via Git/GitHub in Agile workflow.

Solution Developer – Kia Mykia Admin Portal | Oct 2023 – Jan 2024

<https://mykia.kiaindia.net/portal/#/user/login/>

Built an admin panel to manage app content and settings for Kia's customer app across Android, iOS, and web.
Implemented role-based access control ensuring secure administration for multiple user levels.
Enabled real-time content updates and synchronization across platforms, reducing manual effort.

CERTIFICATIONS

Udemy – The Complete Full-Stack Web Development Bootcamp, 2025

HackerRank – Java (Basic), 2022

Dr.A.P.J. Abdul Kalam Technical University (AKTU)

📅 07/2019 06/2023

📍 UP, India

SUMMARY

Full-Stack Developer with hands-on experience in Angular, React, Node.js, Java, and Spring Boot, building scalable applications in the automotive domain. Skilled in RESTful APIs, Microservices, JWT Authentication, RxJS, MongoDB, MySQL, and Agile methodologies. Strong expertise in UI/UX design, reusable components, performance optimization, and cross-functional collaboration.

KEY ACHIEVEMENTS

- ★ **GLOVIS&KIA Workspace Solutions Delivery**
Led the Architecture development and team management to timely deliver all the PRDs.
- ★ **Timely Project Delivery**
Led D2C app project with 100% on-time delivery and zero critical bugs in production.
- ★ **Financial App Development**
Developed financial app used by agents, streamlining customer interactions.
- ★ **Team Mentorship**
Mentored Frontend Teammates, enhancing team effectiveness and code quality.

LANGUAGES

English - Proficient

Hindi - Native

SKILLS

Frontend: Angular, React, TypeScript, JavaScript, HTML5, CSS, SCSS, Bootstrap, Tailwind, PrimeNG

Backend: Node.js, Java, Spring Boot, Express.js

Database: MongoDB, MySQL, PostgreSQL

DevOps & Tools: Git, GitHub, Docker, Jenkins, JIRA, Postman

Other: RESTful APIs, JWT Authentication, RxJS, SPA Development, Microservices, Agile/Scrum, Functional & Asynchronous Programming

STRENGTHS

- ★ **Web Solution Expert**
Design and deliver scalable, robust web apps aligned with business and user needs.
- ★ **Performance Optimization**
Improve load times, remove render-blocking, and use lazy loading/caching for smoother UX.
- ★ **Cross-Functional Collaboration**
Translate product/design requirements into practical tech solutions and keep backend-design-product aligned.
