## PROFILE SUMMARY:

React Native Developer with 2.6 years of hands-on experience in designing, developing, and implementing applications and solutions using a range of technologies and programming languages. Proven ability to deliver high-quality mobile applications and a track record of successfully managing and completing projects. Seeking to leverage broad development experience and hands-on technical expertise in a challenging role as a React Native developer.

## TECHNICAL SKILLS:

- **Languages:** React Native, React JS
- **Frameworks/Libraries:** Redux, React Navigation, Firebase
- **Version Control:** Git, Bitbucket
- **Platforms:** Windows, Mac
- **CI/CD:** GitHub Actions
- **Databases:** Firebase Firestore
- **UI/UX Design:** React Native Paper, React Native Elements, Styled Components
- **Other:** REST APIs, App Store and Play Store deployment

## EXPERIENCE SUMMARY:

### React Native Developer

Tender Software India Private Limited

Nov 2021 - Jul 2024

- Developed and maintained multiple mobile applications using React Native.
- Collaborated with cross-functional teams to define, design, and ship new features.
- Ensured the performance, quality, and responsiveness of applications.
- Worked on bug fixing and improving application performance.
- Managed app releases and deployments to the App Store and Google Play Store.
- Used state management libraries like Redux for efficient state handling.
- Integrated third-party services such as Firebase for authentication and real-time data updates.

## **PROJECT EXPERIENCE:**

### **Project 1: Revlr**

- **Client:** Revlr
- **Description:** An online booking app for streamlining nightlife operations involving multiple venues (Clubs and Bar-Owners).
- **Technologies Used:** React Native, Redux, Firebase, REST APIs
- **Role:** Developed core features, implemented user authentication, and integrated third-party services.

### **Project 2: Jain108 Academy**

- **Client:** Jain108 Academy
- **Description:** An online school offering courses in sacred geometry and speed mathematics, with in-app purchase capabilities.
- **Technologies Used:** React Native, Eduma Theme, Firebase
- **Role:** Developed course modules, implemented in-app purchases, and maintained the app.

### **Project 3: Your Child's Day**

- **Client:** Your Child's Day
- **Description:** An app providing enrichment programs for children to encourage exploring and learning.
- **Technologies Used:** React Native, Firebase, Redux
- **Role:** Built features for program enrollment, implemented interactive activities, and ensured app stability.

## **EDUCATIONAL QUALIFICATION:**

- **B.E. in Computer Science and Engineering**  
A.K.T Memorial College of Engineering and Technology, Kallakurichi  
*Completed in 2020*

## **DECLARATION:**

I hereby declare that the information furnished above is true to the best of my knowledge.
