## WORK EXPERIENCE

### Backend Developer

Hi-Techsters IT Services Pvt Ltd.

November 2023 - Present (5 Months) (Onsite Hyderabad)

Currently, I am working at Hi-Techsters Pvt. Ltd., I gained valuable experience working extensively with Laravel and CodeIgniter frameworks. My responsibilities primarily revolved around developing robust web applications. Additionally, I honed my skills in deploying websites to Linux servers, ensuring seamless integration and optimal performance in a production environment.

### Full Stack Developer

Hi-Techsters IT Services Pvt Ltd.

November 2020 - November 2023 (3 Years) (Remote)

During my college years, I worked as a freelancer with various startups, leveraging my expertise in Laravel, React, and Node.js to develop applications. Using Laravel, I developed robust back-end systems, ensuring efficient data management and seamless integration of business logic. Using React.js, I built dynamic and interactive front-end interfaces. My experience as a freelancer gained valuable skills in project management, communication, and problem-solving.

### Laravel Developer

Makku Enterprises Pvt. Ltd.

July 2022 (1 Month) (Remote Internship)

During my internship, I undertook the development of a comprehensive restaurant management system using Laravel. This involved designing and implementing various modules to streamline key operations within the restaurant environment.
