## WORK EXPERIENCE

### Full Stack Developer

#### Promax Infosolutions

04/2023 - Present

Ahmedabad

During my tenure at Promax Infosolutions, thriving in a balanced work culture. I explored technologies like Next.js, Node, Tailwind, and Django, gaining practical expertise. I also contributed to projects such as Frontline Insourcing, Aetheria Group, and Staff Bank, enhancing my skills and knowledge significantly.

### System Engineer Level - 1

#### APPWRK IT SOLUTIONS PVT LTD.

03/2022 - 03/2023

Mohali

During my tenure, I acquired expertise in HTML, CSS, JavaScript, React, Next Js, Node Js, Flask, SQLAlchemy, MySQL, and Django. I actively explored emerging technologies and applied my knowledge to develop impactful projects, including Nexgen Cloud, Transaction app, and Employee Record Tracking System. My experience is rooted in detail-oriented learning and hands-on implementation, contributing significantly to my skill set and problem-solving abilities.

## EDUCATION

### M.Tech (CSE)

#### Swami Vivekanand Institute of Engineering and Technology

08/2022 - 06/2024

Chandigarh

#### Swami Vivekanand Institute of Engineering and Technology

08/2018 - 05/2022

Chandigarh

### Higher Secondary Education

#### R.B.S Inter College

04/2018

Jehanabad

### Matriculation

#### Sinha Model High School

03/2016

Patna

## SKILLS

DJANGO

PYTHON

NEXT JS

REACT JS

TAILWIND CSS

JAVASCRIPT

MYSQL

CORE JAVA

GIT

LINUX

## PROJECTS

### Frontline Insourcing

- This project utilizes **Next.js** and **Tailwind** for frontend UI, **Node** for backend development, and ORM for data modeling. Features include case studies, blogs, contacts, rewards, specialities, and an admin panel.
- By utilizing UK healthcare facilities, especially during off-hours, we enhance patient choices, address the Covid backlog, and support a robust recovery process.

### Nexgen Cloud

- This project utilizes **Django** backend with ORM database, featuring components like users, nodes, node status, logs, and revenue. It provides user access to view details, profiles, node status, and total revenue. Admin has full access to modify user details and view all information.
