### PROJECT

AR Shoe Jan 2023

AR shoe is an android mobile e-commerce application which  
allows a user to buy shoe with AR technology by using mobile  
camera.

Heuristic Evaluation of Zomato Feb 2023

I have done heuristic evaluation on India based food delivery  
app - Zomato. This helps test product without testing it with  
actual user which saves a lot of time.

Wealify - Stock Market App Jun 2023

Wealify app, where an annual subscription of 199/- enables  
unlimited share purchases at just 15/- per order, providing  
users an intuitive and seamless trading experience.
