Row-House No:12, Swami Samarth Row-Houses,Jadhav-Township Ambad Link Road,

OBJECTIVE

A detail-oriented and innovative web developer with expertise in **HTML**, **CSS**, **JavaScript**, and **Bootstrap**, seeking to leverage advanced skills in **Laravel** and **MySQL** database management to contribute to dynamic web development projects. Committed to delivering high-quality, user-friendly, and scalable web applications.

EXPERIENCE

Web Devloper Intern in Techmet Solutions, Nashik
From : 16 Feb 2024
To   : 29 May 2024

TECHNICAL SKILL

1. Programming Languages: HTML, CSS , JAVASCRIPT .
2. PHP Fream-Work : LARAVEL
3.Front-End Technologoes : Bootstrap
4. Database-Management : MYSQL

PROJECTS

1. Vitrang Furniture Shop
   Description:
       The admin panel for the vitrang furniture shop, developed using **Laravel framework**, **PHP**, and **Bootstrap**, is a powerful yet user-friendly tool designed to streamline the management of various aspects of the online store.

2. Beauty Products
   Description :
        In the beauty product project, I designed and developed an intuitive admin panel using modern **web technologies** such as **Laravel framework**, **PHP**, and **Bootstrap**. This admin panel serves as a centralized hub for managing all aspects of the beauty product inventory, orders, customers, and content. Administrators can effortlessly add, edit,and delete products, update product details, manage categories and brands, and track inventory levels.
        In tandem with the admin panel, I developed a dynamic website that fetches all data directly from the admin panel's database. Leveraging **Laravel's** powerful routing and controller functionalities, the website seamlessly retrieves product information, category listings, brand details, and other content dynamically. This ensures that the website always displays up-to-date information without the need for manual intervention.

3. RPD GROUP PVT.LTD
   Description:
        In the RPD group project, I contributed by developing a static website tailored to the specific needs and objectives of the project. Utilizing my expertise in web development technologies such as **HTML**, **CSS**, and **JavaScript**, I crafted a visually appealing and user-friendly website that effectively conveyed relevant information and showcased project accomplishments.

CERTIFICATION

The Certified Center for Development of Advanced Computing specializes in offering the Post Graduate Diploma in Advanced Computing (PG-DAC) program. The Certified Center for Development of Advanced Computing specializes in offering the Post Graduate Diploma in Advanced Computing (PG-DAC) program.
