EDUCATION

- ❖ Master's Degree in Computer Science.
  Shivaji University, Kolhapur. [First Class]
- ❖ Bachelor's of Computer Science.
  The New College, Kolhapur. [First Class]

WORK EXPERIENCE

- ♦ **School Students Election System (HTML, CSS, PHP, MySQL).**
  A software project for student election systems aims to produce a safe, effective, and simple-to-use electronic voting system that increases student engagement while guaranteeing the validity and fairness of the voting procedure.

- ♦ **School Exam Result System (HTML, CSS, PHP, MySQL).**
  The school exam result system software project, automates the process of managing and analysing student exam results. It offers attributes including a user-friendly interface, reports, and an automatic grading system.

- ♦ **School admission Form (HTML, CSS, PHP, MySQL).**
  The PHP and MySQL programming languages were used to create a web-based application to simplify the admissions procedure of a school. It features real-time application status updates, customizable admission criteria, and automated notifications.
