Developer Tools: Git, VS Code, Vite
Testing: Jest, React Testing Library

EDUCATION

Savitribai Phule Pune, University   **June 2017 – June 2020**
Bachelor of Electrical Engineering   *Pune, India*

MSBTE   **June 2014 – June 2017**
Diploma in Electrical Engineering   *Pune, India*

COURSES

Learn Code Online   **March 2022 – June 2022**
Front End Developer

- HTML, CSS and JavaScript, React js along with problem solving skills

Newton School   **September 2021 – March 2022**
Full-Stack Web Development

- Full-Stack Web Development along with problem solving skills and technical skills are HTML, CSS, JavaScript, React js, Node js, Java.
- Participated in various coding contest organized by Newton School.

PROJECTS

go2work | React js, JavaScript, HTML, CSS | Link   **June 2023 – January 2024**
- Engineered a dual-sided platform, empowering job seekers to create profiles, search and apply for jobs, and access a limited shortlist of potential employers.
- Implemented a dashboard for organizations, facilitating job posting, candidate management, and access to a 14-day free trial for premium features.
- Integrated authentication mechanisms ensuring data security and privacy for users and organizations.
- Integrated unit tests using Jest to ensure the reliability of critical components.

Lets connect | React js, JavaScript, HTML, CSS | Link   **February 2023 – June 2023**
- Implemented Concierge plan system allow users to select subscription plans based on their networking needs.
- Integrated secure payment gateways using Stripe API, ensuring smooth and secure transactions.
- Coordinated the creation of customized forms for each subscription plan, making it easier for users to interact and provide information.

Toastify | React js, JavaScript, HTML, CSS | Link   **January 2024**
- Implemented the ability for users to set the duration for which toast messages are displayed, allowing for quick customization based on the content and importance of the message.
- Ensured responsive design principles were applied to the toast notification system, allowing it to adapt seamlessly to various screen sizes and devices.
- Hosted the project on Netlify for accessibility and to showcase my development skills.
