Bringing Ideas to Life through Design

In the dynamic world of digital design, I am committed to delivering user-centric solutions that go beyond aesthetics. With a background in both UI and UX, I bring a holistic approach to design, focusing on creating not just beautiful interfaces but also delightful user experiences.

Experience

Roto Artist
Deluxe | 2023

Creating accurate mattes and masks for seamless integration of CGI elements into live-action footage. Experienced in industry-standard software such as Nuke and Mocha. Strong attention to detail and ability to deliver high-quality work within tight deadlines.

Roto Artist
Digikore, Pune | 2022-2023

Roto Artist
Dneg, Mumbai | 2021-2022

Matchmove Artist
Trace VFX, Mumbai | 2020-2021

Camera Tracking: Accurately track camera movement in live-action footage.
Object Tracking: Precisely track objects within a scene, ensuring consistency and realism in the placement of digital assets.
