WORK EXPERIENCE

SpeedTech.ai, Pune

December 2025 - Present

Job Role: GenAI Intern

Project: RAIYA – AI Recruiting Solution

- Building a deterministic, JD-aligned AI Resume Scoring system in a team of 3, by integrating Azure LLM reasoning with rule-based validation and weighted score recalculation.
- Designing an Agentic workflow using LangGraph for resume reasoning, validation, scoring, and audit reporting.
- Implementing a RAG-based evidence retrieval with Vector Search to ground scoring decisions in historical data.
- Enforcing structured outputs and logical constraints using Guardrails AI and Pydantic to ensure auditability.
- Developing production-grade Python modules for inference, validation governance, and automated report generation.

SKILLS

- **Languages:** Python, TypeScript
- **Web Development:** HTML, CSS, JavaScript, PHP, Tailwind CSS v4, Next.js 16, React.js, Node.js
- **AI & Agent Orchestration:** LangGraph
- **Cloud Based LLM Model:** Azure Phi 4, Groq Cloud (Llama 3.3 70B)
- **Vector Database :** Pinecone
- **Databases:** MySQL, NoSQL, PostgreSQL (Neon), Prisma ORM
- **Machine Learning:** Scikit-learn, XGBoost, Random Forest, DBSCAN, Isolation Forest, LSTM, ML.js.
- **Deep Learning:** TensorFlow, Keras, PyTorch
- **Data Visualization:** Matplotlib, Seaborn, Plotly, Pandas, NumPy
- **Code Editors and IDEs:** Visual Studio Code, Google Colab, Jupyter Notebook
- **Tools :** Git, GitHub, Docker (basic)
- **Deployment:** Streamlit, Vercel

PROJECTS

1. **SprintStock.AI Agent – AI-Powered Inventory & Warehouse Management, February 2026** | [Live View](#)
 - Built a Multi-Agent orchestration framework using LangGraph and Grok Cloud (Llama 3.3 7B) to automate warehouse rebalancing and supply chain logic.
 - Applied ML-driven demand forecasting and anomaly detection, boosting stock movement accuracy by 40%.
 - Designed a dashboard with WebSocket audit trails and interactive geospatial maps for inventory visualization.
2. **Vayu Drishti - AI-Powered AQI Prediction and Forecasting System, November 2025** | [Live View](#)
 - Built a forecasting system integrating CPCB, ISRO, NASA datasets (220k+ records).
 - Engineered 69 features including pollutant interactions, weather parameters, and satellite-based metrics.
 - Deployed real-time dashboard for AQI monitoring across 40 stations in India.
3. **Wireshark PCAP Anomaly Detection - ML-Based Network Threat Analysis, April 2025** | [Live View](#)
 - Created ML model detecting abnormal packet behavior: TCP resets, TLS fragmentation, DoS-like bursts.
 - Built pipeline for packet parsing, feature extraction, anomaly prediction, visualization.
 - Enabled CSV export of anomaly logs and TLS inspection reporting.

EDUCATION

P.E.S Modern College of Engineering, Pune
Masters in Computer Applications (MCA)
CGPA: 8.21

September 2024 - June 2026 (Expected)

D.E.S Brihan Maharashtra College of Commerce, Pune
Bachelors of Business Administration in
Computer Applications (BBA-CA)
CGPA: 7.2

October 2021 - June 2024

ACHIEVEMENTS

- Won 1st Prize in my MCA Department OS & Computer Networking Project Competition (2025)
- Finalist (Top 8 of 50) Blinkit Hackathon, Tekron Tech Fest (2025)
- Finalist, Troika Code storm(Competitive Coding Competition),Troika Fest, BMCC, Pune (2025)
- Won 1st prize in the COEP, Pune college's Mind spark's Crif India Hackathon (2023)
- Participated in Amazon ML Hackathon (2024 & 2025).

CERTIFICATIONS

- Hacker Rank Python (Basic) (*Issued: December 2025*) | [Certificate Link](#)
- Hacker Rank SQL (Intermediate) (*Issued: December 2025*) | [Certificate Link](#)
- Hacker Rank SQL (Basic) (*Issued: December 2025*) | [Certificate Link](#)
- Hacker Rank Problem Solving (Intermediate) (*Issued: December 2025*) | [Certificate Link](#)
- Kaggle Intermediate Machine Learning (*Issued: December 2025*) | [Certificate Link](#)
- Kaggle Intro to Machine Learning (*Issued: December 2025*) | [Certificate Link](#)
- Hacker Rank : Problem Solving (Basic) (*Issued: May 2025*) | [Certificate Link](#)
- Google : Crash Course on Python (*Issued: May 2023*) | [Certificate Link](#)
