PROJECTS**Tight The Nut - Customer Segmentation & Growth Hack - Sales & Marketing****Jul 2021 - Present**Tight the Nut (**Krebzinstar Pvt. Ltd**)

TTN is an Intelligent CRM and Accounting solution for unorganized automotive garages and retailers, to be efficient and profitable. In this project, we have been given the following tasks-

- Come up with tactics for customer acquisition, Retention & Upsell.
- Investigate & bring innovative solutions to reduce churns.

We are interacting with few customers and understanding the root cause of the churn. We are working with a cross-functional team like product development, customer support, sales, and marketing, etc., and helping them to strategize business development activities to reduce churn rate and increase customer retention.

DbyT Dynamics- Neo-Scale Market Research. - Market Research**Apr 2021 - Jun 2021**

DbyT Dynamics is a startup with a vision to create an ecofriendly mobility ecosystem making transportation smart, convenient, and affordable. The objective of this project was to develop a survey questionnaire for primary data collection and analysis, for deployment planning of the Neo-Scale model. To achieve this objective, we prepared a questionnaire and interviewed more than 80 no of Farm produce organizations. One the basis of our findings we validated our initial hypothesis related to customer pain points and communicated our findings to product development department for further value addition in the features. To role out DbyT's Neo Scale model in the market we prepared Go to Market strategy and Road map for marketing activities for the upcoming year.

POSITION OF RESPONSIBILITY**Active Member- Finance & Literature Club - College of Engineering (COEP), Pune****Mar 2021 - Present**

- Making Newsletter on different topics

- Participating in group activities

AWARDS AND RECOGNITIONS

Platinum Reward | Director-Aqua Chill Systems

Jan 2021

The award was given to me for my work for getting an order from Britannia Industries Ltd. and VKL Seasoning Pvt. Ltd. Britannia was a very coveted project for every contractor and there are more than 7 contractors participated in the bidding process. Hence, Only project cost would be the factor that could have differentiated in winning the bid. During the bidding, I negotiated with many vendors, worked on my costing thoroughly, and helped my team in converting the order.

At the same time, I was working on another project-VKL seasoning. They are one of India's largest seasoning & flavor solution providers. They had the requirement of air conditioning with low relative humidity for their upcoming tea leaves flavor room. A dehumidifier with the Dx condensing unit system was proposed for their requirement.

Gold Reward | Director-Aqua Chill Systems

Oct 2019

The award was given to me for getting orders from Kimberly Clarke, Pune. and JSW Steel, Bellary.

Gold Reward with Letter of Appreciation | Director-Aqua Chill Systems

Aug 2018

The award was given to me for my performance in sealing the deal of Rs. 2.6 Cr. from the prestigious customer- Milky Mist Dairy Foods Ind. Pvt. Ltd. Tamilnadu. Also, I received a letter of appreciation along with it from my directors for my extraordinary efforts in providing a top-class response to the customer for more than one year during the pre-sales stage.
